Definition of "Project"

A project is a specific art presentation, exhibit or creation of work that is fully executed within a specified timeline and contains a public component. A project possesses artistic quality, imaginative scope and vision, and is fully executed within a specified timeline. RACC offers funding for Project Grants in the following three categories:

- **Artistic Focus** ~ project grants that demonstrate high artistic quality, innovation, creativity in programming and artist selection, and demonstrated ability by the artist or organization.
- **Community Participation** ~ project grants that support cultural and arts programs and services that involve direct community participation. The project should impact a variety of citizens in the RACC service area by helping to provide them with a greater sense of self, family, community and place.
- **Arts-In-Schools (K-12)** ~ project grants that encourage and enable members of the professional arts community to work in schools and create arts-rich learning environments.
